CLOUDTALK

AI DIALER

Have 80+ Meaningful Conversations per Agent, Every Day

Why CloudTalk Dialer

4 out of 5 calls go nowhere: voicemails, dead ends, wasted time. CloudTalk's AI Dialer flips the script with:

Parallel & Power Dialing for 80+ dials/hour **1.5s Voicemail Detection** (3x faster than industry standard) Local Presence in 160+ Countries CRM Sync, Auto-Logging & Outcome Tracking

5 Modes, 1 Dialing Tool.

Dial your way, whether it's one-by-one from your CRM or in bulk with power or parallel modes, and finally reach people, not machines.

Mode	Best For	Voicemail Detection	Lines/Agent	Call attempts/hr	Live Conversations/hr
Manual Dialing	High-value, 1:1 outreach	×	1	5–10	1–2
Click-to-Call	Seamless CRM- based calling	×	1	10–15	2–3
Preview	Prepped or contextual calls	×	1	15–20	3-4
Power Dialer	Fast outbound with one line	×	1	30-60	6–10
Parallel Dialer	Max connects, no wait	 	Up to 10	80	17

CLOUDTALK

Built-In Productivity Boosters

Context-Aware Calling:

Al summaries, engagement history

Pacing Control:

Call Outcomes Auto-Logged:

Customize retry rules and dialing speed

Notes, tags, reschedule labels

What This Replaces

- × Manual dialing, one number at a time
- × Reps wasting time on voicemails
- × Inconsistent CRM notes and follow-ups
- × Low answer rates with generic numbers
- × Limited control over pacing and retry logic
- × One-size-fits-all dialer tools

What This Unlocks

- Preview, power and parallel dialing to reach more leads in less time
- Voicemail detection to focus only on real conversations
- Auto-logging to keep your CRM clean and accurate
- Local numbers to increase answer rates and build trust
- Pacing and line control to boost productivity without burning out reps
- Multiple modes to match any team's workflow or campaign

The power dialer has been a game-changer for managing our call volume. Since we implemented the feature, about 90% of our agents are using it to automate dialing, saving time. The power dialer makes handling both new and old leads easier. It's been crucial for our growth; our call volume has seen a 2.5X increase in just 8 months.
